

PUBLIC NOTICE

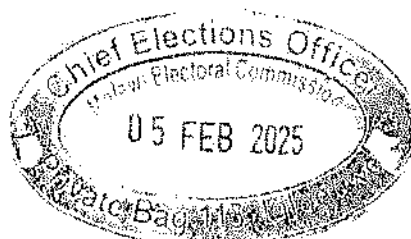

2025 General Election

Consolidated Preliminary figures of Registered Voters (Following the end of all Phases of Voter Registration Process)

The Malawi Electoral Commission is pleased to release the consolidated version of preliminary figures for registered voters, following the conclusion of the voter registration exercise. The public is reminded that the voter registration exercise was planned for implementation in three phases, and this covered the period from 21st October 2024 to 11th December 2024. At the end of each stage preliminary figures for that phase were released.

To comply with the order of the High Court in the case of *George Chipwaila and others vs MEC and the Attorney General (NRB)* of 25th October 2024, which required that the National Registration Bureau (NRB) should put in place mechanisms that would enable all eligible Malawians to register as citizens, so that they would in turn register as voters with the Malawi Electoral Commission, the Commission conducted Supplementary Voter Registration (SVR) in all Councils. The Supplementary Voter Registration was intended to provide an opportunity for the following to register:

1. Eligible Malawians that were unable to register with the NRB when they presented themselves at the voter registration centres under Phase 1 of the voter registration process, because the NRB had not yet deployed its civil registration teams to the voter registration centres to register those without national IDs. Thus, in Phase 1 Councils, the SVR targeted only those persons that would have registered with the NRB from 21st October 2024, the date voter registration commenced, up to 4th January 2025, the last date for a special civil registration exercise conducted by the NRB in all fourteen (14) Phase 1 Councils.
2. Eligible Malawians that under Phases 2 and 3 of voter registration, presented themselves at voter registration centres and applied for civil registration with the NRB. However, these were not issued with their unique National ID numbers by the close of the voter registration, and consequently they were not able to register as voters.

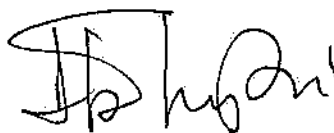

The SVR had a target of a maximum of 271,784 people. This figure represented the number of people that would be 18 years old and above by 16th September 2025, that had been registered with the National Registration Bureau between 21st October 2024 and 4th January 2025 and had been issued with unique identifiers (National Identity Numbers).

Following the end of all phases of voter registration and supplementary voter registration process on 3rd February 2025, the Commission wishes to announce that a total of **7,200,905** people registered as voters. Out of this number, **3,087,563** are male and **4,113,342** are female representing **42.9%** and **57.1%** and of the total number of registered voters, respectively.

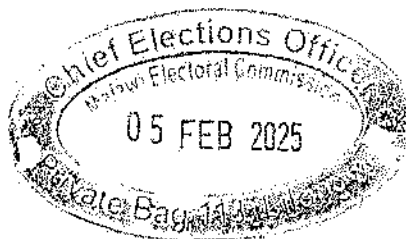

In comparison with the projected total number of people in the Councils that would be aged 18 years and above by 16th September 2025, which according to the National Statistical Office (NSO) is **10,957,490** (5,146,679 male and 5,810,811 female), the number of registered voters represents **65.7%** of the projected population. Disaggregated by gender, **60%** of the projected male population has registered while **70.8%** of the projected female population have registered.

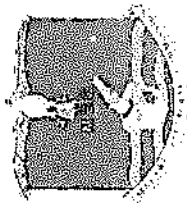

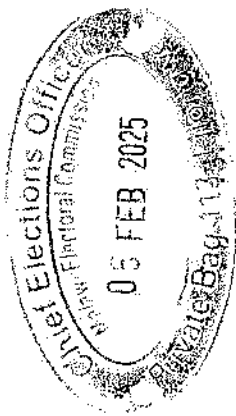

Presented below are two tables: One presenting a summary situation of the whole voter registration activity, and the other presenting the number of registered voters per council. The Commission wishes to emphasise that these figures are preliminary, and will be subjected to cleaning, which may lead to slight changes.

Signed this 5th February 2025

Andrew M. Mpesi
Chief Elections Officer

MALAWI ELECTORAL COMMISSION

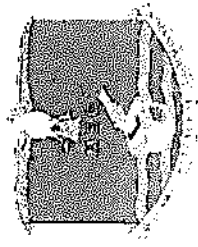

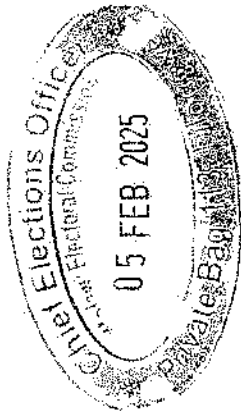

SUMMARY ANALYSIS OF CONSOLIDATED VOTER REGISTRATION FIGURES FOR THE 2025 GENERAL ELECTION

COUNCIL	Projected Population of people in the Councils, aged 18 years and above in 2025			Actual Number of registered voters per Council under all Phases of Voter Registration			Number of registered voters as a percentage of 2025 Projected Population			Number of Males & Females registered as a percentage of Total number of Registered Voters		
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total
1. Total Number of Registered voters for all the three Phases (in 2024)	5,146,679	5,810,811	10,957,490	3,074,914	4,101,913	7,176,827	59.7	70.6	65.5	42.8	57.2	100
2. Total Number of Registered voters during three phases of Supplementary Voter Registration (SVR)	140,538	131,246	271,784	12,649	11,429	24,078	9.0	8.7	8.9	52.5	47.5	100
3. Total Number of Registered Voters - Three Voter Registration Phases in 2024 + Three Supplementary Voter Registration (SVR) Phases in 2025	5,146,679	5,810,811	10,957,490	3,087,563	4,113,342	7,200,905	60.0	70.8	65.7	42.9	57.1	100

NOTE:

1. The source of data for Projected population figures: 18 years and above by 16th September 2025 for numbers 1 and 3 above, is the National Statistical Office (NSO)
2. The source of data for the Targeted Population for Supplementary Voter Registration under point number 2 above, is the National Registration Bureau (NRB)
